### **Letter of Recommendation for T&W**

It has been indeed a pleasure meeting T&W to discuss our need for the construction of a Church building for Indiana Chin Baptist Church. We did that on the recommendation of the President of American Baptist Churches of Greater Indianapolis, Mr Fred Fackenthall, in 2009-10.

To be frank, we did not know what we got into: We leaders of the Church did not know what is involved in building a Church in the United States of America. With T&W we went through a process of meeting after meeting and orientation after orientation for a good number of years. Added to that we found out that our neighbour was not willing to let an easement of ours to go through their property, which delayed our plan by at least three years.

In spite of all these, with the patience and understanding of T&W, we reached agreement to start building the church in early date of 2015. With the help of other friends, we could get loan agreement with the Hoosiers Hills Credit Union. And amazingly our Church building was completed in a year – by October 2016, to be exact.

We dedicated our Church to the Lord on November 26, 2016, Saturday to coincide with the Thanksgiving holiday. The total number of people accommodated in our church on the dedication service was about two thousand. What an incredible thing God has wrought!

Needless to say, we could not have done this work of building a Church without the patience, understanding, efficiency, skills and dedication of the team of T&W. We thank God that he prepared T&W for us and for the Kingdom of God. I particularly like their motto: "Prayerfully planned, joyfully executed". I won't want to look for another company for church construction.

May God continue to bless T&W for His ministry and glory on earth.

Sincerely,

Rev. Stephen Hre Kio, Ph.D.,  
Senior Pastor,  
Indiana Chin Baptist Church  
Indianapolis, IN, USA
