To Whom It May Concern:

I was privileged to work with T & W Church Solutions to deliver a design-build project for Traders Point Christian Academy (TPCA). As leader of the TPCA Build Team, I worked closely with Mr. Kurt Williams and Mr. Steve Shehorn throughout the entire building process: programming needs, conceptual design, site planning, detailed design, completion, and follow up on punch-list items.

I have had extensive experience in project management while working for Eli Lilly and Company. My experience with T&W was by far the most positive experience I have had. The knowledge and professionalism of the entire staff was outstanding. Their responsiveness to our questions and comments was always prompt. Steve and Kurt know who their true audience is and strive to serve Christ through their careers. That led to high customer service, their understanding what TPCA's mission is, and a beautiful building that is a tool for teaching children academically and spiritually. I give them my highest recommendation and trust that a building process undertaken with T & W leadership will be a blessing to you.

Sincerely,

Anne Witter

Vice President
